Sospiro (whisper) is the third album by this female vocal ensemble based in Apulia. Working only on their voices and percussions, they are able to create a pleasant web of polyphonies, a cappella singing, improvisations, weird harmonies, reminiscences of Ancient Music, noises and a strong emphasis of the phonic qualities of words. With their surprising ability they have succeeded in attracting audience and critical appraisal thanks to a varied and structured repertoire and to their constant live presence with festivals, concerts and radio shows.

For his 30 years of career, Tuscan accordionist gives a party. Guests are all first class and each comes from a different musical world : Stefano Bollani and Gabriele Mirabassi from jazz; songwriter GianMaria Testa; Daniele Sepe, Elena Ledda, Gavino Murgia and Patrick Vaillant from world music; Ginevra di Marco and Balentes from rock ... just to name few. It is striking how TESI manages to make his accordion speak a language at the same time archaic and new, as well as how he can manage various influences in his music. The album is a sort of a voyage through three decades of his artistic history : 14 new tracks, all superb.
