Tango/ElectroTango

Artist: Various
Titel: Buenos Aires-Paris 2
Best.-Nr.: MBB9773
EAN: 7798093717730
Format: DCD (Digipack)
PC: 0105
Label: PMB
Stil: Tango/ElectroTango
VÖ: 23.11.07

Following the notable impact of Volume 1, PMB returns from the challenge of researching and putting together a masterpiece to give us Buenos Aires - Paris 2, another fascinating compilation of the most outstanding songs and performers of the genre, which has positioned itself in the global market for electronic music as one of the most original new sounds of the 21st century. In Buenos Aires - Paris we find artists that transcend the globe including Tanghotic, Narcotango, Tanghetto, Otros Aires, Federico Aubele (who released his discs through Eighteenth Street Lounge Music, the record label belonging to the always influential Thievery Corporation), as well as the addition of two Argentine standouts, Jaime Torres and the talented Amelita Baltar (the voice of various musical pieces composed by Astor Piazzolla), who present us with Frio Intenso, a song that is just as new as it is musically innovative. In order to crown this truly unique album we relied on the futuristic Bobe, led by Eduardo Rovira, an authentic member of the tango vanguard during the 60s and a legend to the true enthusiasts of today who are fascinated by the sounds and electricity of the instruments.

Buenos Aires - Paris is the perfect anthology to feel the pulse of the sound that defines the 21st century.

Dance/Electronica

Artist: GusZ
Titel: Building Grooves
Best.-Nr.: MBB9775
EAN: 7798093717754
Format: CD (Digipack)
PC: 0102
Label: PMB
Stil: Dance/Electronica
VÖ: 23.11.07

GusZ is a duo that introduces Electronica to a sensibility and level of composition rarely seen in a genre more accustomed to textures and rhythmic ecstasy than melodic work. Building Grooves is their third album (following Clean Up and Hi-Level, released in 2002 and 2004 respectively), and as a whole turns out to be their best work, demonstrating a style that with each song only gets more and more polished and appealing. With a notable cast of guest singers, Building Grooves is a fascinating collection of songs that immediately sticks in your memory and stays with us for entire days on end. And for the grand finale of an album that, without question, finds itself amongst this year's best releases, the group includes an original version of Heart and Soul, the after punk classic by Joy Division.

Artist: Various
Titel: Buddha Sounds 4
Best.-Nr.: MBB9777
EAN: 7798093717778
Format: CD (Digipack)
PC: 0102
